Workshop 3: Low Carbon Delivery

The proposed ZC regulations in 2016 can be delivered by offsite and traditional means, but each one involves a different set of decisions and implications. This workshop will get views from practitioners involved with both methods so that attendees can understand what is involved and what they need to prepare for.
Workshop 3: Low Carbon Delivery

Let’s hear from the panel members…

- Bobby Chakravarthy, Partner and Head of Architecture, Arcus Consulting
- Nigel Banks, Group Sustainability Director from Keepmoat
- Paul Surin, Head of Built Environment, Weinerberger

Do you have any questions for the panel?
Workshop Four: Next Steps

Questions:
What can we take away from this session?
What would we like to see happen in the next few months?
How can this be followed up?
Many thanks for coming...
